**Call to Order.**

**Pledge of Allegiance.**

**Review and approval of the governing board meeting minutes of May 23, 2016**

Minutes approved by John Flynn.

**Report from the Fire Chief** regarding the following items:

- a. Billing report on Wildland fires
- b. Response and service report.
- c. Status of grants. (Fuels mitigation, Lifepaks, Recruitment & Retention)
- d. Rosemont mine. (no activity at Rosemont Mine this year)
- e. Type one engine acquisition update- on schedule for delivery late August

**Monthly financial reports and consideration of district financial matters** pursuant to A.R.S. §48-807: Report given by Vicki Rutter; there were no questions; she did review the fact that the vehicle maintenance budget is over budget.

John Flynn accepted and approved the financials of May 2016.

**Public Hearing on proposed budget:** (Budget comments) Mr. Flynn spent a good ten minutes reviewing the district's position, both today and over the past seven years, in relation to tax levy rates and assessed values to show the community members where the current budget compares to former SEFD budgets and relates to tax levy and assessed value, and allocation of district expenses.

**Don Irving** – Wanted to thank you as a citizen of SEFD for your services & giving us an example of how a district should run and set an example for the new board that is elected in November to follow. As I've reviewed the budget, I'm not sure we've got a capital reserve account. There is a long-range plan and it seems to me that we should address the lack of reserve funds. (Mr. Flynn spent another ten minutes discussing the apparatus replacement schedule and capital reserves; using line of credit, using cash vs. line of credit vs. lease purchase agreements; acceptable tax rates, setting aside funds to cover depreciation and modifying the current apparatus replacement schedule to more accurately address SEFD needs.)

**Sue Archibald** – two questions; I know we have a lot of expenses on vehicle maintenance this year, did we use those numbers to pull forward in this year's budget, and do we anticipate the same amount of problems next year? Flynn – yes we upped the amount based on actual and until we address the fleet, which is aging, the older our stuff gets the more we have to repair it. Until we get newer equipment in our maintenance costs will be a little high. Sue – I am someone who would support a little bump in the tax rate; we've got more projects to do – to keep moving forward instead of marking time again. I'd hate to see us do that, we all depend on this fire district for so many things, so any way we can take care of it... it matters a lot to me.

**Vicki Rutter** – I'm glad that you spoke to the fact that we do not budget for depreciation of assets. Our community is growing and this awesome little fire district provides services that protects all the residences and businesses. They need adequate equipment and personnel to respond to all calls. Thank you for your consideration in doing what's best for the district.

**Nancy Webster** – It seems to me that what has been said already is what I was going to address too. I too was concerned that there was nothing that I could see in the budget that addressed a long range plan. I think that it is important, what Don said it should be in every budget. I understand that it would mean an increase in taxes, but I think overall I think that we've done very well with our taxes. I do know that the past board did not address that issue at all and used a lot of

the funds that had already been set aside by previous boards. I would be very concerned about kicking the can down the road.

**Vista Michael** – Just going to agree with everyone who has spoken before. I am really sorry for what has happened here; that you ended up here, but that was a blessing. I think it was a real wake-up call for many of us who support the fire district always and just got lazy. The wake-up call extends to the next board that will be elected. I really appreciate the explanation you've given, the overall big picture so that we're not dealing with the single numbers – the one tire on the truck that needs to be replaced. I look forward to what will happen next.

**John Michael** – To me the lack of a capital expenditure reserve fund is irresponsible it means it pushes things so that it means when the fire district has to get a new ambulance or whatever they need to buy, there is a crisis; budgeting sensibly and creating a reserve fund, that can be avoided. I certainly endorse your ideas and hope the new board endorses it as well.

**Lois Kolesar** – When my husband and I couldn't come to the April meeting (2015) I wrote you and email, I still agree with what I said then, which is that we support a forward-looking budget that includes provisions to replace safety equipment, vehicles and other capital improvements. We prefer small raises in taxes over the years to a very large raise when a capital improvement is needed. I believe we should set aside a little each year and I believe the next thing on the agenda should be talking about a plan – that's very important.

**Chief De Wolf** – I've done some research regarding the follow questions:

1. How many homes have sold in our district in the past 17 months January 2015 – May 2016? **46 - Homes sold, 31 - land parcels**
2. How many building permits have been issued in our district in the past 17 months January 2015 – May 2016? **7 - New construction permits, 10 -addition permits**

3. How many new business have started or are in process of starting with in our district over the past 17 months January 2015- May 2016?

**10 - New business have open or are in the permitting stage**

4. How many Homes with in our district have been foreclosed on with in our district over the past 17 months January 2015 – May 2016?

**3 – Foreclose in the last 17 months**

And when we went back three years, there were a total of four foreclosures.

**Consideration of fully adopting estimates of revenues and expenditures for the fiscal year beginning July 1, 2016 and ending June 30, 2017;** After listening to the community speak, Administrator Flynn adopted a tax levy rate of \$2.50, granting roughly \$54,000+/- increase in the posted budget to be allocated to Unrestricted Capital Reserves.

**Review and consideration of the SEFD Capital Improvement Plan** specific to the replacement schedule for fire apparatus, emergency response and associated fleet vehicles (SEFD #16-020).

**Review and consideration of transferring funds from the SEFD general operating fund** to the capital outlay reserve fund for the purpose of Type 1 fire apparatus purchase down payment

Flynn approved transferring funds necessary to meet the \$100,000 total requirement for the down-payment – this meant transferring \$30,000 to the reserved fund holding \$70,000.

Call to Election – notice of elections was given by Administrator Flynn.
